

who wnts 2 no?

Steve Barlow & Steve Skidmore
Illustrated by Geo Parkin

Five ways we'll help keep children safe

Dud thinks he's found a foolproof way of getting rich quick. All he has to do is put his personal details online. What could possibly go wrong? Zip and Mouse aren't convinced: they want to know, who wants to know?

This book has been created for and with input from children aged 8-12 to help promote internet safety.

Who wnts 2 no? is available from all good bookshops. Details of our special offer for schools can be found at www.o2.co.uk/TheCybernuts.

1. Guidance

For parents, teachers and children.

2. Support

We'll provide our customer service with children in mind.

3. Leadership

We'll work with others to make mobiles and the internet safer.

4. Innovation

We'll use technology to help keep children safe.

5. Respect

We'll promote the rights of children and the authority of parents.

We support

Together with

We're better, connected
